#### 1. Identification

**Product Identifier Majestic Deep Stone Cleaner** 

Other means of

identification MAJC02008

**Product code** 

Recommended use Cleaning stripper and degreaser.

**Recommended restrictions** 

Professional use only.

Manufacturer information

Company name M3 Technologies, Inc. **Address** 57 Lamberts Lane Cohasset, MA 02025

Telephone (800) 342-4533

**Emergency phone number CHEMTREC** (800) 424-9300

24-hour Emergency (800) 424-9300

# 2. Hazard(s) Identification

**Physical hazards** Not classified

**Health hazards** Skin corrosion Category 1

None.

**Environmental hazards** Not classified.

**OSHA** defined hazards

**Label elements** 

Serious eve damage Category 1

Signal word **DANGER** 

Causes severe skin burns and eye damage. Hazard statement

**Precautionary statement** 

Prevention Do not breathe dusts or mists. Wash hands and exposed skin thoroughly after handling.

Wear protective gloves/protective clothing/eye protection/face protection.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Response

IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with

water/shower. Wash contaminated clothing before reuse.

**IF INHALED:** Remove person to fresh air and keep comfortable for breathing.

Immediately call a poison center/doctor/medical professional. Specific treatment (see

supplemental first aid section on this label)

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if

SDS US

present and easy to do so. Continue rinsing.

Store locked up. Storage

Disposal Dispose of contents/container in accordance with local/regional/national/international

regulations.

Hazard(s) not otherwise

classified (HNOC)

None.

Supplemental information

None.

Material Name: Majestic Deep Stone Cleaner Page 1 of 7

# 3. Composition/information on ingredients

Mixture Component(s)				
Chemical name	CAS number	Purpose	%	
Water	7732-18-5	Solvent	75-90%	
C9-11 Alcohols Ethoxylated	68439-46-3	Emulsifying Agent	5-15%	
Hydrogen Peroxide	7722-84-1	Bleaching Agent	1-5%	
d-Limonene	5989-27-5	Solvent	1-5%	
Tetrasodium EDTA	64-02-8	Chelating Agent	0-1%	
Stabilizer	Proprietary	Stabilizer	0-1%	
Etidronic Acid	2809-21-4	Chelating Agent	0-1%	
DMDM Hydantoin	6440-58-0	Preservative	0-1%	
Sodium glycolate	2836-32-0	Buffering Agent	<0.1%	
Trisodium NTA	5064-31-3	Chelating Agent	<0.1%	
Sodium hydroxide	1310-73-2	pH Adjuster	<0.1%	
Phosphonic Acid	13598-36-2	Processing Aid	<0.1%	
Orange Dye	Proprietary	Colorant	<0.01%	
Formaldehyde	50-00-0	Preservative	<0.01%	

#### 4. First-aid measures

Inhalation Move to fresh air. Call a physician if symptoms develop or persist.

Skin contact Remove contaminated clothing immediately and wash skin with soap and warm water for

at least 15 minutes. In case of eczema or other skin disorders: Seek medical attention and

take along these instructions.

Rinse with water for at least 15 minutes. Remove contact lenses if present and easy to do Eye contact

so. Immediately call a physician or transport to hospital.

Ingestion Rinse mouth. Get medical attention if symptoms occur. Do not induce vomiting.

Most important

symptoms/effects, acute and

delayed

dermatitis, rash. Hydrogen peroxide can temporarily turn the skin white with persistent contact.

Can cause serious eye damage. Can cause burning sensation in affected areas. Can cause

Indication of immediate medical attention and special treatment needed Provide general support measures and treat symptomatically. Keep victim under

observation. Symptoms may be delayed.

**General information** Ensure that medical personnel are aware of the material(s) involved, and take precautions

to protect themselves. Wash contaminated clothing before reuse. Use with caution.

Self-contained breathing apparatus and full protecting clothing must be worn in case of

#### 5. Fire-fighting measures

Suitable extinguishing media Water fog. Foam. Dry chemical powder. Carbon dioxide (CO<sub>2</sub>)

Unsuitable extinguishing

media

Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from

the chemical

During fire, gases hazardous to health may be formed.

Special protective equipment and precautions for

firefighters

Fire-fighting

Move containers from fire area if you can do so without risk.

equipment/instructions

Specific methods Use standard firefighting procedures and consider the hazards of other involved materials.

General fire hazards No unusual fire or explosion hazards noted.

SDS US Material Name: Majestic Deep Stone Cleaner Page **2** of **7** 

#### 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Keep out of low areas. Wear appropriate protective equipment and clothing during clean-up. Avoid inhalation of vapors or mists. Do not touch damaged containers or spilled materials unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.

Methods and materials for containment and cleaning up

This product is miscible in water.

Large spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Prevent entry into waterways, sewer, basements or confined areas. Following product recovery, flush area with water.

Small spills: Wipe up with absorbent material (e.g. cloth, absorbent wipes). Clean surface thoroughly with dilute soap and water to remove residual contamination.

Never return spills to original container for re-use. For waste disposal, see section 13 of the

**Environmental precautions** 

Avoid release to the environment. Avoid discharge into surface drainage paths and other areas not consistent with package labeling.

### 7. Handling and storage

Precautions for safe handling Avoid bro

Avoid breathing mist or vapor. Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. Provide adequate ventilation. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities

Store in original tightly closed container. Store away from incompatible materials (see section 10 of the SDS).

### 8. Exposure controls/personal protection

#### **Occupational exposure limits**

US OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000)

ComponentsTypeValueHydrogen PeroxidePEL1 ppm

**US ACGIH Threshold Limit Values** 

ComponentsTypeValueHydrogen PeroxideTWA1 ppm

**Biological limit values** 

ACGIH Biological Exposure Indices No data available.

Appropriate engineering

controls

Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels to an acceptable level. It is recommended that users of this product perform a risk assessment to determine the appropriate personal protective equipment.

Individual protection measures, such as personal protective equipment

Eye/face protection

Avoid contact with eyes. Wear safety glasses with side shields (or goggles).

**Skin protection** 

Material Name: Majestic Deep Stone Cleaner Page 3 of 7 SDS US

**Hand protection** The use of gloves impervious to the specific material handled is advised to prevent skin

contact. Users should check with manufacturers to confirm the breakthrough performance

of their products. Suggested protective materials: Nitrile and PVC rubber.

Other Wear appropriate chemical resistant clothing. Use of an impervious apron is

recommended.

**Respiratory protection** In case of insufficient ventilation, wear suitable respiratory equipment.

**Thermal hazards** Wear appropriate thermal protective clothing, when necessary.

General hygiene considerations

When using do not smoke or use chewing tobacco. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

Contaminated work clothing should not be allowed out of the workplace.

# 9. Physical and chemical properties

**Appearance** 

Physical State Liquid

**Color** Transparent Orange.

**Odor** Citrus

Odor threshold Not available

**pH** 4.5-6

Melting/freezing point 23°F (-5°C) estimated Initial boiling point and >212°F (>100°C)

boiling range

Flash point >392°F (>200°C) Evaporation rate Not available. Flammability Not available.

**Flammability Limits** 

Upper Not available.
Lower Not available.
Vapor pressure Not available.
Vapor density Not available.

Specific gravity (water=1) 1.01
Solubility in water Complete.
Partition coefficient Not available.

(n-octanol/water)

Auto-ignition temperatureNot available.Decomposition temperatureNot available.ViscosityNot available.

### 10. Stability and reactivity

**Reactivity** This product is stable and non-reactive under normal conditions of use. **Chemical stability** Material is stable under normal conditions. Store in a cool dark place.

Possibility of hazardous

reactions

 $\label{thm:continuous} \mbox{Hazardous polymerization does not occur.}$ 

**Conditions to avoid** Material decomposes with the potential to produce a rupture of unvented closed

containers. Avoid storing in excessive heat or sunlight.

**Incompatible materials** Metals, organic materials, strong reducing agents, strong bases.

Material Name: Majestic Deep Stone Cleaner Page 4 of 7 SDS US

Hazardous decomposition

products

No hazardous decomposition products occur. Oxygen can be liberated at temperatures

above ambient.

# 11. Toxicological information

Information on likely routes

of exposure

**Ingestion** Do not ingest. May be harmful if swallowed.

**Inhalation** Do not inhale. May irritate the upper respiratory tract.

Skin contactCan cause severe skin burns.Eye contactCan cause serious eye damage.

Symptoms related to the

Severe skin burns, serious eye damage. Can temporarily turn skin white with prolonged

physical, chemical and conta

toxicological characteristics

contact

**Acute toxicity** Expected to have low toxicity to humans.

Product Majestic Deep Stone Cleaner (CAS mixture)				
Exposure Classification	Route and Species	LD50		
Acute	Oral, rat	5,072 mg/kg (estimated)		
*Estimates for product may be based on additional component data not shown				

Skin corrosion/irritationCan cause severe skin burns.Serious eye damage/ irritationCan cause serious eye damage.

**Respiratory sensitization**Not considered a respiratory sensitizer.

**Skin sensitization** Not considered a skin sensitizer.

**Germ cell mutagenicity**No data available to indicate product or any

components present at greater than 0.1% are

mutagenic or genotoxic.

**Carcinogenicity** Not considered a carcinogen.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050) Not Listed.

Reproductive toxicity

No data available.

**Specific target organ toxicity – single exposure**May irritate the upper respiratory tract with

prolonged inhalation.

No data available.

Specific target organ toxicity – repeated exposure

Aspiration hazard No data available.

# 12. Ecological information

degradability

Ecotoxicity				
Product Majestic Deep Stone Cleaner (CAS mixture)				
Aquatic Receptor	Species	Test Results		
Crustacea	Daphnia magna (water flea)	EC <sub>50</sub> = 25 mg/L (estimated)		
Fish	Fathead minnow (Pimephales promelas)	LD <sub>50</sub> = 60 mg/L (estimated)		
*Estimates for product may be based on additional component data not shown				

Persistence and Hydrogen peroxide in the aquatic environment is subject to various reduction or oxidation

processes and decomposes into water and oxygen. Hydrogen peroxide half-life in freshwater ranges from 8 hours to 20 days, in air from 10 to 20 hours, and in soils from minutes to hours depending upon microbiological activity and metal contamination.

Alcohol ethoxylate: considered readily biodegradable.

**Bioaccumulative potential** Expected to be low, will likely degrade before accumulation can occur.

**Mobility in soil** Will likely be mobile in the environment but will degrade over time. Chemicals of these

classes are highly water soluble and will partition weakly to particles in low-clay soil

Material Name: Majestic Deep Stone Cleaner Page 5 of 7 SDS US

matrices. They are expected to exhibit moderate to high mobility in saturated and semi-

saturated soils

Other adverse effects None.

#### 13. Disposal considerations

**Disposal instructions**Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose

of contents/container in accordance with local/regional/national/international regulations.

**Local disposal regulations** Dispose in accordance with all applicable regulations.

**Hazardous waste code** The waste code should be assigned in discussion between the user, the producer and the

waste disposal company. As packaged, this product is not believed to meet criteria defining RCRA hazardous wastes when disposed. (40 CFR Part 261, Subpart C). Before selecting disposal method, ensure that the waste materials have been properly assessed and, as

necessary, tested to confirm regulatory status.

Waste from residues/unused

product

Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner.

(see: Disposal instructions).

**Contaminated packaging** Empty containers should be taken to an approved waste handling site for recycling or

disposal. Since emptied containers may contain product residue, follow label warnings

even after container is emptied.

#### 14. Transport information

**DOT** Not regulated dangerous goods.

#### 15. Regulatory information

**US federal regulations** 

SARA 302 Extremely hazardous substance Not listed.

SARA 304 Emergency release notification

Not listed.

SARA 311/312 Hazard Categories

Immediate Hazard - Yes

Delayed Hazard – No

Fire Hazard - No

Pressure Hazard – No

Reactivity Hazard - No

Not listed

**California Proposition 65** 

SARA 313 (TRI reporting)

**WARNING:** This product can expose you to chemicals including Formaldehyde, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to <a href="https://www.P65Warnings.ca.gov">www.P65Warnings.ca.gov</a>.
